

This is a digital copy of a book that was preserved for generations on library shelves before it was carefully scanned by Google as part of a project to make the world's books discoverable online.

It has survived long enough for the copyright to expire and the book to enter the public domain. A public domain book is one that was never subject to copyright or whose legal copyright term has expired. Whether a book is in the public domain may vary country to country. Public domain books are our gateways to the past, representing a wealth of history, culture and knowledge that's often difficult to discover.

Marks, notations and other marginalia present in the original volume will appear in this file - a reminder of this book's long journey from the publisher to a library and finally to you.

### Usage guidelines

Google is proud to partner with libraries to digitize public domain materials and make them widely accessible. Public domain books belong to the public and we are merely their custodians. Nevertheless, this work is expensive, so in order to keep providing this resource, we have taken steps to prevent abuse by commercial parties, including placing technical restrictions on automated querying.

We also ask that you:

- + *Make non-commercial use of the files* We designed Google Book Search for use by individuals, and we request that you use these files for personal, non-commercial purposes.
- + *Refrain from automated querying* Do not send automated queries of any sort to Google's system: If you are conducting research on machine translation, optical character recognition or other areas where access to a large amount of text is helpful, please contact us. We encourage the use of public domain materials for these purposes and may be able to help.
- + *Maintain attribution* The Google "watermark" you see on each file is essential for informing people about this project and helping them find additional materials through Google Book Search. Please do not remove it.
- + *Keep it legal* Whatever your use, remember that you are responsible for ensuring that what you are doing is legal. Do not assume that just because we believe a book is in the public domain for users in the United States, that the work is also in the public domain for users in other countries. Whether a book is still in copyright varies from country to country, and we can't offer guidance on whether any specific use of any specific book is allowed. Please do not assume that a book's appearance in Google Book Search means it can be used in any manner anywhere in the world. Copyright infringement liability can be quite severe.

## Endorsements.

I hereby certify that I have examined a transcript of the first two volumes of the Derby Town Records made by Mrs. A. W. Phillips of the Sarah Riggs Humphreys Chapter, Daughters of the American Revolution, and so far as I have compared the same find it to be a very faithful copy of the original, and evidently made with care.

To the Town of Derby, Connecticut, belongs the unique distinction of being able to place a seal, if it so ordains, upon what remains to it of its Books of Record from 1655 to 1710—a distinction conferred upon it through the patriotic work of its local chapter of the Daughters of the American Revolution.

In January, 1898, the Sarah Riggs Humphreys Chapter of the above organization resolved to copy the early records of the township, which, by reason of age and usage, were rapidly perishing. To that end the chapter appointed Mrs. A. W. Phillips to take charge of the work, which is now completed and will remain an enduring evidence of the intelligent work performed and the faithful rendering of the copyist.

Having examined and carefully compared a considerable portion of the copy with the historic records, I have no hesitation in saying that it is the most accurate piece of work, of like intent, that has passed under my observation, and that I believe it to be a perfect copy. In twenty consecutive pages examined and compared, every word, letter and mark of punctuation had been accurately rendered.

The one aim has been to preserve the letter of the records without emendation or translation, and the result is such as should satisfy the most exacting antiquarian.

DERBY, CONN., June

I hereby certify that at a meeting of the Sarah Riggs Chapter, Daughters of the American Revolution, Derby, Flag Day, 1901, the following resolutions were adopted by the Regent, Mrs. James R. Mason, and were unanimously adopted and signed by the members of the chapter, viz

WHEREAS, The Sarah Riggs Humphreys Chapter, of the American Revolution, receives with much pleasure the announcement that the copying of the Derby town records, the comparing and correcting of the proof sheets have been completed and,

WHEREAS, The Chapter deeply appreciates the great amount of work and also the magnitude of the task of copying the records that have been rendered almost illegible by time, the delay of the printer's proof sheets and other incidental labor, therefore be it

*Resolved*, That we, the undersigned members of the Chapter, at this Flag Day meeting, June 14, 1901, do hereby express our tribute to our Honorary Regent and Librarian, Mrs. Nancy O. Phillips, for her inspiring loyalty, her gracious generosity and her unselfish devotion to the interests of our Chapter, and the promotion of its patriotic work, in undertaking and completing the prodigious labor of copying and otherwise preparing for publication the aforesaid Derby Records. And furthermore, be it

*Resolved*, That we, the members of the Sarah Riggs Humphreys Chapter, beg our Honorary Regent to permit the use of her name on the title page of said records with proper acknowledgment of the Chapter's indebtedness to her.

Attest,

FRANCES L. BRINSMADE, *Secretary*.

(Page 120.) To all Christian people to whome this Instrument shall come. Knowe y<sup>e</sup> y<sup>t</sup> Whereas I John Botchford of Milford in the County of New Haven in the Collony of Connecticut in New England having formerly bought sundry lands of Isaac Nichols of Derby in the county and Collony afore s<sup>d</sup> viz: one home lot on the west side of Naugatuck river, in Derby bounds, in the neck so called, being in quantity four acres be it more or less, bounded as upon Derby records; Item within the s<sup>d</sup> township, nine acres more or less in the Indian field so called, bounded as upon record Item Eight acres more or less, with the s<sup>d</sup> township, In the bare plains so called, In two peices bounded as upon the records of s<sup>d</sup> town may more fully appear. Item a tract of pasture land, containing sixteen or Eighteen Acres more or less, within the s<sup>d</sup> township bounded as the records of s<sup>d</sup> town will more fully show: Item half the land y<sup>t</sup> was s<sup>d</sup> Nichols's at a place called the great hill, yet undivided and Judged to be twenty or thirty acres, within the limits of s<sup>d</sup> town of Derby, bounded the whole tract, as the records of its first laying out will show; Item within the s<sup>d</sup> township of Derby forty acres more, at a place called the good hill, above Eight mile brook bounded as it is apparent Upon record; Item within s<sup>d</sup> township a lot at Pauls plaine, containing six acres, more or less bounded, as the records of s<sup>d</sup> town of Derby will demonstrate, all w<sup>ch</sup> pcells of Land with their bounds and quantityes, fully described were passed over to me s<sup>d</sup> John Botchford by Isaac Nicchols, by a deed bearing date, the 7<sup>th</sup> of Aprill 1702, as may be seen at large upon record: But Whereas I s<sup>d</sup> Botchford sold s<sup>d</sup>

lands to John Bostwick formerly of Stratford late of Derby afore s<sup>d</sup>, s<sup>d</sup> Nichols agreeing with me to take s<sup>d</sup> Bostwick paymaster (I having not yet paid for s<sup>d</sup> lands) and whereas s<sup>d</sup> Bostwick failing in payment agreed with s<sup>d</sup> Nichols to have s<sup>d</sup> lands again, yet not being able to make him s<sup>d</sup> Nichols a good title, because he s<sup>d</sup> Bostwick had no title from me upon record: therefore the title standing fair upon Derby records to me and my heirs; yet I knowing y<sup>t</sup> s<sup>d</sup> Isaac Nichols ought according to the rules of righteousness, to Enjoy the fore s<sup>d</sup> lands to him and his heirs and assigns for ever.
